Clean Up Campaign Started in Canyon

All Citizens Asked to Secure Trash Burners and Be Connected With Sewer

The city of Canyon has started on a genuine clean-up campaign.

The City Commission Monday night ordered that City Clerk Harvey Cash inspect all premises in Canyon, especially trailer houses and temporary dwellings to see that all had sewer connections and were sanitary. A large number of trailer houses have been moved here during the past few weeks.

Commissioner B. F. Oatis has taken charge of the city trucks and will direct a thorough clean up of the streets and alleys. Every residence which does not have an adequate trash burner and container will be asked to provide this.

Weeds in the alleys will be cut and burned, and vacant lots cleared.

"The City Commission wants to make Canyon the cleanest it has ever been," stated Mayor W. A. Warren. "It is going to take several weeks to make a thorough clean-up, but all of the necessary time will be devoted to this job," states Mr. Warren.

Citizens who have not cut their weeds and collected rubbish and trash for the city trucks to haul away will be asked to do so at once. Trees in the alleys which are handicapping the cleanup campaign will be cut.

Car Load Junk Is Turned In

Farmers and Others Are Responding to Call of Nation for Scrap Iron

More than a car load of scrap iron and other metals has been brought in since the campaign opened.

Jeff Wallace, manager of the Consumers Fuel Association, is highly pleased with the response that is being given the campaign. In spite of the rains, farmers are bringing in junk every day.

The Boy Scouts brought in a lot of scrap metal and rubber which they collected in Canyon over the week-end.

The campaign must continue, according to word from the government. So long as there is any old machinery or other scrap metal which has not been turned over for munition building, the call will be made for junk.

However, now is the vital time. Steel furnaces are not running at full capacity because of the lack of scrap to feed these furnaces. Those who have not sold their junk should do so at once as a patriotic duty.

Capt. Lockhart Is Buried Friday; Military Honors

The funeral for Captain William E. Lockhart was held Friday afternoon at three o'clock at the Baptist Church in charge of Dr. Roy L. Johnson, the pastor.

Dr. John S. Humphreys and President J. A. Hill paid tribute to the deceased. Dr. Humphreys was associated with the deceased before coming to West Texas State and was a close friend of the family.

President Hill first observed the work of Capt. Lockhart in 1918 when he was sent here by the army to close out S. A. T. C. at the end of World War I. So impressed was he with the young officer that he offered him a position on the faculty at the first opportunity.

Members of the American Legion constituted a body guard, under the command of Dr. H. A. Brown. Chaplain Dan F. Sanders read the Legion funeral ritual.

All four of the children of Capt. and Mrs. Lockhart attended the funeral: Mrs. Charles W. Mays of Fort Sill, Okla.; Dr. W. E. Lockhart, Jr., of Alpine; Capt. Vincent Lockhart of Camp Edwards, Mass.; Mrs. Edwin W. Pettitt of Miami Beach, Fla.

Others from out of town here were: Mrs. J. D. Leonard and Mrs. Lewis S. Sims of Bronte, sisters of Capt. Lockhart; Judge and Mrs. W. L. Helton of Canadian, parents of Mrs. Vincent Lockhart; Mr. and Mrs. T. D. Higgins and daughter, and Mr. and Mrs. Tom Riley and daughter of Canadian, the two women being sisters of Mrs. Vincent Lockhart.

W. W. Lockhart, 86, of Bronte, was unable to attend the funeral of his son because of his failing health.

All members of the Lockhart family returned to their homes Saturday.

Capt. and Mrs. Vincent Lockhart left Sunday for Camp Edwards, accompanied by his mother. Capt. Lockhart expects to be sent to foreign service within a few weeks and at that time his wife and mother will drive back to Texas.

More Rains Aid Wheat Crop for the Coming Year

Rain over the week-end amounted to .88 of an inch.

Saturday a rain fell amounting to .37 of an inch. Sunday there was another rain amounting to .52 of an inch.

This makes the total for September of 1.77 inches, and brings the year's moisture up to 13.53 inches.

Farmers are highly elated over the moisture. Wheat is getting a wonderful start again this fall.

Keeper of Country Club Has Resigned

Kimball Hicks has resigned as keeper of the Canyon Country Club.

J. L. Duflot, chairman of the Greens Committee, states that the position is open and he hopes soon to announce the selection of a new keeper.

N. E. McIntire spent part of last week in Nocona visiting his mother, Mrs. W. M. McIntire.

Boy Drowned In Water Tank

20-Months Old Boy Is Found by His Mother, Mrs. John Robinson

Johnnie Robinson, 20 months old son of Mr. and Mrs. John Robinson, was drowned yesterday afternoon at 5:30 o'clock at the home of his grandparents, Mr. and Mrs. Lavert Avent west of Canyon.

Mr. and Mrs. Robinson were visiting at the Avent home. The boy was missing only about 10 minutes when the mother discovered him in the water tank. All efforts to revive the boy were in vain.

Funeral plans are pending the arrival home of Mr. Avent, who is on a business trip to Fort Worth, but will probably be tomorrow.

The boy is survived by his parents and one sister, 6 months old.

Limit Placed on Air Mail Going to Foreign Posts

A weight limit has been placed on air mail to foreign destinations by the postal department, according to new regulations received by Postmaster Guy Harp.

Hereafter air mail letters cannot weigh more than two ounces. This will eliminate newspapers and packages of all kinds.

The postal department has found that too much heavy mail was being sent to soldiers abroad for the planes available and this new regulation was necessary to reduce the load. Practically all of the foreign air mail has been addressed to men in service.

Band Director Asks to Meet H. S. Studes

Miss Mary Roberts, new band director of the Canyon high school, wishes to meet all members of the band and others interested in taking band instruction next Monday afternoon. Miss Roberts would like to have band members present between 2 and 5 o'clock.

Miss Roberts will be at the school assisting with registration next week and will see band members who may not be able to come during these hours.

RECEIVES WINGS

Robert J. Clounch, son of Mr. and Mrs. W. S. Clounch and grandson of Mr. and Mrs. W. W. Clounch received his wings at the Lubbock Army Flying School Sunday, Sept. 6.

Lieut. Clounch was formerly of Trinidad, Colo., but his family moved to Canyon in May.

Mr. and Mrs. J. W. Reid of Dallas arrived Monday and left Tuesday for Colorado, accompanied by Mr. and Mrs. C. A. Murray. They are on a fishing trip for their vacation.

Mrs. Conrad W. Freed left Wednesday for Detroit, Mich., where she will visit her parents. She will stop to see her husband who is in officers' training school.

Bernard Warren arrived home Tuesday from a two weeks' visit in San Francisco with Lieut. and Mrs. Meredith Warren.

Ceiling on Plants Giving Services

Institutions Are Required to File Ceiling Prices by Midnight of Today—Wooten

Filling stations, laundries, shoe repair shops, dry cleaners, and all others who render services either to consumers, wholesalers, or manufacturers were reminded today by W. J. Wooten, chairman of Randall County War Price and Rationing Board, that they are required by OPA regulations to file their ceiling price lists with the Local County Board before midnight of September 10th.

"Anyone affected by this regulation," Mr. Wooten said, "is invited to come by the office of the County Board and obtain a sample copy showing how these statements should be filed. Every consumer business, like every other business, has been mobilized on the front line of this war against inflation," Mr. Wooten said.

"The government and our friends and neighbors need to cooperate to make price control effective. It will help all of us to maintain the security of our businesses and our homes. We are counting on every supplier of services to do his part."

Mr. Wooten pointed out four things which suppliers of service must do:

1. Find out the ceiling price for every service supplied, why this was the price charged to each class of customer during March, 1942, and if the service was not actually supplied but was offered, the offering price now becomes the selling price.

2. Keep all existing records records showing any of the prices charged during March 1942. If a supplier of services used a price list in March, he must save it as proof of his March price. Also he should be sure not to destroy or lose any receipts, books, duplicate sales slips, or other printed matter showing his March prices. His records should be kept where they can be examined by a representative of OPA.

3. Prepare a statement by September 1st, 1942, and file a copy of this with the Local County War Price and Rationing Board by midnight of Sept. 10th.

4. The fourth requirement mentioned by Mr. Wooten is that the service supplier should now make sales slips and records as required by the regulation.

"Such a sales slip might be a laundry list or a bill showing the price charged for each item. It might be the cash register ticket that is rendered when the service supplier makes a sale. It might be a receipt or a receipted bill for the money paid for the service. Regardless of the kind of sales slips or receipts that might have been given in the past, the service supplier must now give any any customer who asks for it, a sales slip showing the date, the name and business address of the firm, the service sold, and the price charged."

Canyon Teachers Are Employed at Happy

Three Canyon teachers were employed in the Happy schools last week and started the school year Monday.

These are: Mrs. J. B. Speer, Mrs. L. A. Cooper and Miss Mary Lee Cooper. The three commute between home and their school daily.

Last Brick, Stone Science Building

Hope to Complete Work on Science Building About the 1st of January is Reported

The last brick and stone on the walls of the new Science Building at West Texas State were placed Friday. The only masonry remaining is the front of the building, which will be finished by two brick layers.

Jack Deroy, who has been foreman on the job, left Saturday to start a defense job at Winfield, Kansas. John Miller, superintendent, will have charge of the construction here.

It is likely that the building will be completed about the first of January according to the present schedule. Most of the material for finishing the building is on hand, and there should be little delay in the work of finishing.

The science departments of the college plan to move to the new building at the end of the first semester if the building is completed by that time.

Big Demand for Rooms Continues States Harden

W. H. Harden states that the demand for apartments and houses continues every day. He has been able to place a greater number of families as more people decide to take care of people in their homes.

The greatest demand now is for living quarters for families with one or two children.

Mr. Harden requests that all who are fixing up living quarters should telephone him at once.

Those who have listed houses and apartments with him and have rented their quarters should phone him without delay. Also when quarters become vacant, he should be notified as families are here every day looking for places to live.

Several Boys of County Join the Military Forces

Recruits who have volunteered in the armed services this week are:

John Prior Morris, navy.

School Pupils Must Have Vaccination

Students Cannot Be Entered In Schools of Canyon Until Certificates Are Presented

In order to try to protect the health of the people, the President of the United States has made a proclamation requesting all school children to be vaccinated for smallpox and immunized for diphtheria. The school authorities in Canyon are cooperating with the Federal Government in this undertaking.

The diphtheria immunization will cost $2.50 per person with the cost of the toxoid included. If the child has had immunization previously, it may be necessary to run the Schick test to see if it is effective. In this case the cost will be $1.00.

The smallpox vaccination will cost $1.00. Purchase your own vaccine at the drug store before you see your physician. Cost price is 25 cents.

No child will be enrolled in the Public School or the Training School at the college until they present the certificate of immunization and vaccination. This applies to the high school and elementary school alike. These certificates will be an absolute prerequisite to registration. Children without such certificates will be sent home immediately. Full cooperation with the U. S. Government in caring for the health of people must be had in this extreme emergency.

Three Teachers Resigned Places In Canyon High

Supt. J. B. Speer has received the resignation of three high school teachers this week. The school trustees will meet tonight and the vacancies will likely be filled at this meeting.

J. F. Dickson, high school principal, has resigned to accept a like position at Mt. Vernon. This is near the home of the parents of both Mr. and Mrs. Dickson.

Loyd Devin has resigned as Vocational Agriculture teacher. He has accepted a position in the Army Technical School at Amarillo and started on his new work this week.

Miss Rose Parsley, teacher of Home Economics, has accepted a position in the Home Economics Department of the University of Texas and will report for duty next week.

Citizens Buying War Bonds Rate of Sept. Quota

Randall county War Bond sales have been above the quota for the first quarter of the month, states R. H. Wright, county chairman.

Bonds are now on sale at the Bank, postoffice and at the Olympic theatre.

For Sept. 1 to 8, the total sales of the three places were $7,312.50. The quota for the month is $20,400.

Mr. Wright hopes that the people of Randall county will continue making their purchases so that the full quota will be reached before the end of the month.

Miss Esther Rudolph left Saturday for Phillips where she will resume her school work after spending the summer with her sister, Mrs. Dan K. Usery.

Must Register Houses, Rooms

Riley Strickland Will Be at City Hall to Register Rooms, Houses, Apartments Today

Riley Strickland, rent control administrator, will be in Canyon today to complete registering those who rent houses, rooms and apartments.

Only about half of the people of Canyon who have places for rent came to the City Hall to register their property two weeks ago when a clerk spent five days here.

Registration must be completed by Sept. 15 for all who wish to rent to one or more persons.

Members of Loan Association Held Annual Meeting

Members of the Canyon National Farm Loan Association enjoyed the annual banquet of the association Saturday night at the Methodist Church.

J. W. McCrerey, president, was in charge of the meeting.

Secretary Robert Foster reported on the condition of the Association. This was the 23rd annual meeting. 609 loans are now being serviced in the county. These loans amount to more than $2,300,000, and delinquencies have been reduced 60% during the past year.

Dr. Harris M. Cook spoke on the negative forces which were seeking to break down national morale.

One seeks to break down the confidence of our people in our social institutions. Another would cause us to lose confidence in the leadership of the nation. A third seeks to destroy our belief in our resources. The fourth is trying to tell us that the things for which we are fighting are not worth while.

A whispering campaign seeks to smear Congress and the administration. Congress is elected by the people, and the members are representative of the people.

Another whispering campaign seeks to question the honesty of our nation. This force attempts to tell us that the War Bonds will be repudiated. These bonds are the safest investment in the world, stated Dr. Cook.

Another tells us that the subs cannot be whipped, in spite of the recent victories over the subs.

Jokes on our allies is another favored force, attempting to divide us from our friends.

"Our boys are in every land; they are giving their all. We at home must give our all," concluded Mr. Cook.

A. E. Brown was re-elected director for the coming three years.

Director M. H. Rockwell expressed the pleasure of the officers for the fine attendance of nearly 100 members. He was grateful for the fine year of the association and for the farmers of the county. "Now is the time for every citizen to put his shoulder to the wheel. We must get behind the man with the gun," stated Mr. Rockwell.

Fishermen Get Fine String of Trout

Clay Cooper, Shiek McDaniel and Cecil Briggs brought back the evidence. They brought back from Colorado a large number of fine rainbow trout, the best that has been seen in Canyon this year.

Some of the trout were 21 inches long.

The party returned early yesterday morning after spending a week fishing in Colorado.

Mrs. L. T. Hill Died In Mississippi

Mr. and Mrs. Burney Slack and sons have returned from Woodland, Miss., where they were called by the illness and death of Mrs. Slack's mother, Mrs. L. T. Hill on Aug. 28.

The Hill family lived in Randall county until a few years ago. Mr. Hill will likely return here to make his home.

Besides Mrs. Slack, two sons survive, James Hill of Wichita, Kans., and Rex Hill of Memphis.

Mr. and Mrs. M. W. Gordy left Friday for Goodnight where Mrs. Gordy will teach in the Goodnight public schools.

Teachers Will Enroll Pupils

Classes Will Start on Monday, Sept. 21 in the Canyon Public Schools

Enrollment for Canyon high school students will begin Tuesday, Sept. 15, and students are requested to report for enrollment between 10 a. m. and 5 p. m. on the following dates, according to Supt. J. B. Speer.

Senior or 12 grade, Tuesday, Sept. 15.

Juniors or 11 grade, Wednesday, Sept. 16.

Sophomores or 10 grade, and Freshmen or 9 grade, Thursday, Sept. 18.

All pupils in grade school and those in high school who have not enrolled will be enrolled on opening day, Monday, Sept. 21, at which time busses will make their first run. School will be dismissed at noon, 1 p. m., and the busses will make the return run at that time. Parents are urged to accompany children to enroll and then take them home.

First grade students are urged to have their birth certificates with them at the time of enrollment. **All students are required to have vaccination certificates for smallpox and innoculation certificates for diphtheria.**

All pupils new to the system from grades 1 to 6 inclusive will report to the grade school gymnasium Monday, Sept. 21, for enrollment and home room assignments.

High school students who have enrolled and paid library fees on the days listed above do not report until Tuesday, Sept. 22, at 10 a. m. at which time books will be issued, manual training, and typing fees collected.

Classes will meet Tuesday afternoon on 30 minutes schedule for assignments.

A credit course in Pre-Flight Aeronautics will be open to both boys and girls of the senior class. If enrollment permits, juniors will be admitted.

Arrangements have been made whereby high school boys may take military science with Lieut. Reeves Donnell in the evenings and receive one full credit in physical education.

Schools to Open Hour Late With the New Term

The schools of Canyon have adopted the same schedule as used last year during the school term.

The schools will open at 10 o'clock in the morning; lunch period will come at 1 o'clock; and the schools will dismiss at 5 o'clock.

Owing to the fact that so many pupils in the grade schools are transported by busses, daylight saving time has proven very disasterous to the schools of this section.

Due to the fact that the days are getting so short, children would be forced to leave their homes before daylight, even at the opening of the term, if the national time schedule was observed. Last year there was so much confusion when it became necessary to change hours in the middle of the term that school officials decided upon adopting the new schedule at the opening of the session.

Business houses, churches and clubs will likely change their time schedules to meet the school time.

Spencer Whippo to Teach in W. T. Coming Year

Spencer Whippo of Perryton has been selected by President J. A. Hill to take the work of T. M. Moore for the coming year.

Mr. Whippo is a graduate of W. T. He was a prominent athlete during his student career. He took his M. A. degree from A. & M. College and has been an assistant on the faculty of A. & M.

Court House Lawn Will Be Reseeded

The court house lawn is being plowed for the purpose of reseeding. The grass nearly all died this year and it was found advisable to plow up the lawn and get a new stand of grass which will be uniform.

Mr. and Mrs. S. H. Condron and family arrived home Wednesday after a month's vacation in Colorado.

Miss Jane Campbell was brought home from Amarillo Friday where she underwent an operation for appendicitis.

A good woman was rather peeved at The News the other day because we are unable to send a copy of this newspaper to every man from Randall county free of charge. A few newspapers started this service before men were called by the hundreds. Now they have the unhappy experience of having to back down and ask for the payment of these subscriptions. There are 400 Randall county men now in service. It would cost The News $800 per year to send a copy each week to all of these men. Before the first of January this number will be increased to 500 men and the cost would mount to $1,000 per year. The News wants to be a service institution to the people of Randall county, and to be of service to all of the people. But what reasonable person would expect this newspaper to contribute a thousand dollars per year to one war cause while no other business institution of the county is called upon to make such a contribution? Many counties are now raising funds to send copies of the local newspaper to men in service. This is a fine service, and costs the people much less than writing one letter per week. Boys who have returned from camps express their deep appreciation of the weekly visits of The News, so if you wish to get all of the local news to the boys in a concrete form, send your boy a copy of The News every week.

A few days after Pearl Harbor rumors were started in Amarillo that certain citizens had been arrested as spies. As the rumor spread, the story became more and more exaggerated. Unfortunately that is the way of all rumors—called by their correct name, "plain damnable lies." Fortunately for these men, every one has been proven as a loyal American citizen. The latest rumor started in Lubbock. It was directed at a prominent physician, who bears a German name. Why or how the rumor started no one knows. When finally nailed, it has been proven beyond a shadow of doubt that the man has been victimized, and that there was not a word of truth in the malicious statements. Millions of our best American citizens bear German names. Their forefathers came to America to escape the tyranny of the war lords. Please, please do not repeat malicious statements which brings into question the loyalty of any citizen. If you suspect the loyalty of a citizen, go to your sheriff and he will handle the case in the proper manner. You will only bungle the case if the suspect should turn out to be an enemy spy.

We were thrilled the other day at the patriotism of a Randall county farmer. This man has not been in good health in recent years, and had largely shifted the responsibilities of the farm to the shoulders of his son, a young married man. The boy decided that it was his duty to join the fighting forces. The father had every right to ask that the boy stay at home and run the farm. The government says that farmers should raise more food for our fighting men and for those who produce munitions in our war factories. Did this father object to the enlistment of his son? No indeed. He told the boy to go on and do this duty to his country, and that the father would pitch in, make a hand during the war and hold the farm ready for the boy when he returned. Such unselfish devotion to one's country merits a greater reward than mere passing mention—but this particular man is not seeking publicity or would deem public thanks a proper thing for rendering service to his country at a time when every man is called upon to give his all for the preservation of this nation.

President Roosevelt has called upon Congress to pass a law by October 1st to curb inflation. He points out how much prices have increased during past months because the cost of raw materials and prices of labor were not checked. Those who read the News will recall that this little old country newspaper for months has been pointing to the President's fallacy of trying to regulate prices without putting a ceiling on raw products and on labor. The cost of the war could have been greatly reduced if this had been done a year ago instead of waiting until wages in war plants had been increased 73% and then trying to halt the upward trend. We hope that the President has not waited too long before taking a strong stand against inflation. However, it may be assured that inflation to a considerable degree is already with us, and no law of Congress can undo what has already been done.

Congress still talks about the sales tax—but talk is all that is done. If you remember that long, you will recall that The News advocated a sales tax for Texas 10 years ago when the State started getting in the red at the rate of millions of dollars annually. Texas has passed up the opportunity to get out of debt and maintain a cash balance. It will not be at all surprising to see Congress whip thru a sales tax after the November election. Such a tax gets the money in a hurry, and money must be raised to feed the war machine. Millions of citizens who pay little in the way of taxes would be caught by the sales tax. Naturally, ample provision will be made to exempt food for those in the low bracket of incomes.

Jerry Sadler has filed suit to hold his place on the Texas Railroad Commission. As you will recall, Sadler resigned to enter the army. He waited until the last day for filing, and then his friend, Kilday, attempted to get the job without opposition. Fortunately the Governor and the State Executive Committee refused to fall for the scheme of Sadler and Kilday. Since Kilday was rejected by the voters, Sadler is attempting to withdraw his resignation. In the meanwhile Beauford Jester was nominateed by the voters to succeed Sadler and the Governor has appointed Jester for the balance of this term. The antics of Sadler are disgusting to the voters of the state who believe in fair play.

Stamp Collectors of the United States have been the victims of the Nazi several times since the war started. Now the Japs are attempting to sell American collectors stamps from the Philippines. Stamps are printed up especially for the stamp collectors of the United States. Professional collectors will not fall for any of these bogus stamps, but amateurs are still playing the suckers for the schemes to extract millions of dollars for the war fund of our enemies. Please remember that we sold the Japs the scrap iron which is now killing our boys, and the oil which is propelling their ships and planes. Let's don't be a sucker twice.

A bill is pending in Congress to lower the draft age to include 18-19 year old boys. The army wants such a bill, as boys of this age are much more easily trained than older men. However, Congress may hesitate to tap the manpower reserve until all of the available men are inducted into the armed forces. There is a great reserve among the married men without children, who will be called into service by every local board of the nation late this fall unless the law is changed. No one can safely predict what is going to happen. It is reported by Selective Service that the calls will be heavy all fall and winter, in order to get into training every man possible.

Wendell Willkie has visited our troops in Africa, and according to reports, has expressed confidence that Rommel and his horde of Germans and Italians will be thrown back by the forces of the United Nations. As personal representative of the President, Willkie cannot afford to make extravagant statements unless he is sure of his grounds. We are mighty glad to hear this report from Willkie. His co-operation with the administration during the war has proven to the nation that Willkie is a bigger man and a more loyal American than the people suspected during the campaign of 1940.

It is now reported in official circles that the reason the Japs secured a hold in the Aleutian Islands was because of the jealousy between the army and navy officials. The army wanted to build air fields on the islands and the navy refused the permission. This is another case like Pearl Harbor where American boys paid with their lives while high officials squabbled over who was to have authority. The war has taught us one hard, hard lesson—we cannot win without unified command of our fighting forces. We are getting such a command after months of losing on every front.

Tojo is in supreme command in Japan. He says that there will be no change of policy in foreign relations, especially with Russia. But remember Tojo sent friendly emissaries to Washington last December to talk peace, and while they waited on Secretary Hull, Tojo ordered the attack on all American possessions. The United Nations expect Tojo to attack Russia. Our experience with this fellow makes every American confident that Tojo will do the exact opposite to what he says.

Congressman Eugene Worley is back in Washington and has reported to the President on his experience in the navy. Mr. Worley paints a rather drab picture of conditions in the battle of the Pacific. It took Americans a long while to realize that we were up against a fierce, well trained, well equipped, merciless enemy. But reports from such men as Worley will do much to make the nation realize what we have to do in order to win the war.

More and more high schools of the Panhandle have given up football this fall. Coaches are at a premium, and practically half of the schools opened without coaches. Tire rationing boards were ordered to refuse the use of tires to school busses which were used to transport high school athletes. It was fortunate that the Canyon high school decided to give up football without having to go through all of the agony of being forced out by war economies.

A representative of the rent control office was here for five days but only half of the property owners in Canyon signed up. Too many people did not realize that government regulations applied to all who rented to one or more people. All rent property must be signed up by Sept. 15. Citizens must not put this matter off beyond that date.

WISE POLICY

An official statement by Internal Revenue Collector Thomas at Dallas clarifies the attitude of the Federal government toward wartime advertising, particularly by war production industries. The Bureau of Internal Revenue holds that so long as advertising expenditures are "normal and reasonable," such expenditures are deductible for income tax purposes. That is to say, advertising is to be considered as any other item of operating cost, the same as labor and materials, and hence is to be subtracted from gross income before arriving at the net income which corporate income taxes are to be levied.

This is a wise and equitable decision. It may be taken for granted that the Treasury Department will interpret the terms "normal and reasonable" from a practical point of view. The official statement declares tha "it is recognized that advertising plays an important part in our national economy" and for this reason there is no intention to restrict the normal and reasonable play of this factor in the national economy.

The statement is further helpful in its explicit recognition of two important factors facing the advertiser: (1) That advertising costs have risen and (2) that, with tire and gasoline restrictions upon the travels of salesmen, an added burden is thrown upon advertising. Firms will also be allowed under this ruling to use advertising to keep their names or trade-marks before the public, even though the companies may have switched entirely from peacetime to war production. Advertising may also be used to introduce and sell new or added products which are necessary to overcome the wartime dislocation.

English experience has proved that newspapers are so important to the war efforts as news and advertising channels that government agencies and departments are themselves buying large amounts of space in them. This constitutes in part, of course, a government subsidy. Our Treasury Department's decision should go far toward obviating the need for a government subsidy in this country by permitting a continuance of normal and reasonable advertising by private industry.—Dallas News.

In spite of the fact that 30,000 deer are killed annually in Texas, the number of deer in the state is reported to be increasing.

"Believe It Or Not"

You've a treasure in your Kitchen

GUARD IT CAREFULLY!

An old friend . . . a reliable, economical servant . . . today your Gas Range assumes a new role. It has a *war job* to do—one of the most important of them all—the job of feeding your family for Health and Strength for the duration.

A little care will go a long way in providing efficient and economical service from your Gas Range . . . will add years to its life.

A Few Simple Rules for Gas Range Care

1. Use your Gas Range all you need . . . but make it serve you well every cooking minute.
2. Watch cooking temperatures. Over-roasting or over-baking wastes fuel as well as food. Over-boiling wastes heat and kills health-giving vitamins.
3. For greater efficiency use flat-bottomed cooking utensils. Keeping them covered prevents loss of heat and food flavors.
4. Keep your Gas Range *clean!* Wash it with soapy water to remove grease and grit. (This applies to cooking utensils too.)
5. Try economical meals such as "oven dinners" or "boiled dinners" that are all cooked at one time.

Remember—GAS, America's preferred cooking fuel, is also vital for war production. Do your part by using it well.

Miss Mary Nelle Jennings Weds Mr. Floyd Bruce Embree Sept. 1

MRS. FLOYD BRUCE EMBREE

Miss Mary Nelle Jennings, daughter of Mrs. R. O. Jennings of Lubbock, became the bride of Floyd Bruce Embree of Petersburg Tuesday afternoon, September 1, at three o'clock.

Nuptial vows were spoken in Canyon at the home of the bride's brother, Herschel Jennings. Dr. G. A. Dunn, minister of the Church of Christ of Rising Star, officiated at the single ring ceremony.

The bride was attended by Miss Sybil Cole of Lubbock, and Dr. Charles W. Jennings, brother of the bride, served as best man.

Miss Cole wore a floor length dress of Aqua taffeta and lace, and her shoulder corsage was of picardy gladioli.

The bride was attired in a white slipper satin and organza gown. The finger-tip veil was held in place by a tiara of mock orange blossoms. She carried a white Bible with a white gladioli arrangement and a shower of satin streams and matricaria.

After the ceremony, an informal reception was held. The two tiered wedding cake, which was topped with a miniature bride and bridegroom, and iced punch were served from a lace-covered table. The table appointments and floor baskets arranged with gold and white gladioli, white asters and bridal lace carried out the bride's chosen colors.

Mrs. Embree's going away suit was of brown sheer wool, with accessories of leather tan. Her corsage was of autumn-tone flowers.

The bride was graduated from Tulia High School and West Texas State College. For the past year she has been teaching at Dimmitt. Beginning September 5, she will teach in the Jasper school system.

The bridegroom is the son of Mr. and Mrs. Bruce Embree of Petersburg. He was graduated from Petersburg High School and later attended Abilene Christian College and Daniel Baker College. He is minister for the Church of Christ at Jasper where the couple will make their home.

Present at the ceremony were Mrs. R. O. Jennings, Dr. Charles W. Jennings, Miss Sybil Cole, Mr. and Mrs. Bruce Embree and LaRae of Petersburg, La Nelle Terrell of Tulia, Mr. and Mrs. Arthur H. Jennings and Linda of Vigo Park, and Mr. and Mrs. Herschel Jennings, Neal, Alvin, Carl and Duke of Canyon.

Mrs. Bud Myers and son left Monday for Boston, Mass., where she will join her husband, Sgt. Myers, who is at Camp Edwards.

MISS MYRTLE F. JONES AND B. D. WOOD MARRY

Miss Myrtle Frances Jones, daughter of Mr. and Mrs. Ray B. Jones of Hart and Billy Durne Wood, son of Mr. and Mrs. J. D. Wood of Groom, were married Aug. 20 in the home of the bridegroom's parents. L. E. Godwin of the First Baptist Church of Groom officiated.

The bride was attired in a beige wool jersey suit trimmed with red corduroy, and her accessories were of red.

Mrs. Wood, a graduate of Pampa High School was graduated from West Texas State this spring. She is the granddaughter of Mrs. T. W Hart of Canyon.

The bridegroom is a graduate of Groom High School.

The couple will be at home in Groom where she will teach public school music in the Groom public schools and he will continue in the ranching business with his father.

MRS. W. S. MYERS HOSTESS TO MOTHER-IN-LAWS

The Mother-In-Law Club of Canyon held their first meeting of the new year on Thursday afternoon at three o'clock in the home of Mrs. W. S. Myers.

Roll call was answered by each member telling of her vacation. Ice cold watermelon was served to Mrs. J. W. McCrerey, Mrs. E. Gidden, Mrs. M. E. Cleavinger, Mrs. I. M. Steen, Mrs. M. E. Sorgee, Mrs. R. D. Lowry, Mrs. T. W. Langston, Mrs. Chas. Stratton, Mrs. Otto White, Mrs. J. S. Cleland, Mrs. E. C. Penick, Mrs. Jessie Reid, Mrs. G. W. Cox, Mrs. T. V. Slack, Mrs. N. A. Croson, Mrs. R. E. Foster, and the hostess.

The next meeting will be October 1.

MRS. HOLLIS SHIPMAN HAS ACHIEVEMENT DAY

Mrs. Hollis Shipman was hostess to the Achievement Day program of Home Demonstration Clubs. A demonstration story by Mrs. Shipman; yard improvement by Mrs. J. W. Wesley; business center and why keep one by Mrs. E. W. Schaeffer; the effect of clothing and grooming on character development by Mrs. E. M. Wilson, made up the program.

Refreshments were served to Mrs. Elmer Miller, Mrs. Fred Wagner, Mrs. C. M. Tucker, Evelyn, Fayrene and Anna Belle Schaeffer, Lavinia Amerson, Mrs. Schaeffer, Mrs. G. E. Wesley, Mrs. Wilson, Mrs. Dellis Zachery, Mrs. J. W. Wesley, and the hostess.

CRAWFORD-SANFORD VOWS READ SEPT. 1

Mr. and Mrs. E. L. Crawford of Amarillo are announcing the marriage of their daughter, Erma Lee to Pvt. Morgan P. Sanford of Drew Field, Florida which took place in Dumas, Sept. 1.

The bride was attired in a blue suit with black accessories. She is a graduate of Amarillo High School.

The bridegroom, a son of Mr. and Mrs. A. P. Sanford of Childress, is the nephew of Mr. and Mrs. Paul White of Canyon and the grandson of Mr. and Mrs. F. M. White. He is a graduate of Childress High School. He returned to camp Sept. 2. The bride will follow in a few weeks.

"Say, Bill. You didn't marry that girl back home while you were on vacation, did you?"

"Almost, Joe. Two of us were willing—me and the minister."

Miss Dorothea Harter and Hudson Prichard, Jr. Marry Saturday

MRS. HUD PRICHARD, JR.

In a single ring ceremony performed at 9 o'clock Saturday night in the first Baptist Church, Miss Dorothea Harter, daughter of Mr. and Mrs. Charles Harter, became the bride of Hudson Prichard, Jr., son of Mr. and Mrs. A. H. Prichard.

Dr. Roy L. Johnson, pastor, read the marriage rites before a background of wrought iron candelabra with white tapers, huckleberry greens, and iron floor baskets of white gladioli.

Mrs. Glen Dowlen played the traditional wedding marches, Wagner's "Bridal Chorus" from the opera "Lohengrin" and Mendelssohn's "Wedding March." Before the ceremony, Miss Beth McCaslin sang "Because" by D'Hardelot, and "I Love You Truly" by Carrie Jacobs Bond.

The bridesmaid was Miss Lynnette Harter, sister of the bride, who wore an old rose taffeta gown with tiered skirt, long basque waist, and sweetheart neckline. Her corsage was of talisman roses.

Bill Harter, brother of the bride, served the bridegroom as best man, and Corp. Kenneth Gibson served as usher. iLttle Diane Prichard, sister of the bridegroom, was flower girl. She wore a powder blue marquisette dress.

The bride, given in marriage by her father, wore a princess dress of white duchess satin, with long fitted sleeves and sweetheart neckline. The long, silhouette lines of the skirt extended to a semi-train in the back. A tiara headdress held in place the veil of white tulle which extended to the floor with a slight train. Her bouquet was of white starlite roses and white maline tufts tied with white satin ribbon.

Mrs. Harter, mother of the bride, wore a navy blue crepe street-length dress accompanied by white accessories and a corsage of gardenias and red rosebuds.

The bridegroom's mother wore a rose jersey street-length dress with navy accessories. Her corsage was of a gardenia and pink rosebuds.

A reception for the families and a few close friends of the couple was held at the home of the bride's parents. Carrying out the bridal tradition, the bride cut the three-tiered wedding cake which was topped with a miniature bride and bridegroom.

Immediately after the reception, the couple left for points in Colorado, the bride traveling in a brown faille suit with Kelly green accessories.

Mrs. Prichard was graduated from West Texas High School and has attended Mary Hardin-Baylor College at Belton, and West Texas State College in Canyon. She is vice president of Gamma Phi sorority, vice president of the W. T. S. C. junior class, a member of Alpha Psi Omega, honorary speech fraternity, and a member of Type-Hi, journalistic fraternity of West Texas State College.

The bridegroom is a graduate of Canyon high school, and is a student of West Texas State College where he is president of Tri Tau fraternity, editor of The Prairie, college paper, and a member of the Student Senate. He is also a member of the United States Army Air Force Reserve.

The couple will continue at West Texas State College. After Sept. 15, they will be at home at 2107 Seventh Avenue.

Mr. and Mrs. Charles H. Stratton and Charles, Jr., of Phillips visited Mr. Stratton's sister and family, Mrs. Will White at Happy Sunday. They also visited Mr. and Mrs. Ed Cabe and new son, Raleigh Franklin.

Bruce Mathews, Patton Perkins, and Bobby Denium of Channing visited from Friday to Sunday with Mrs. J. D. Hunter and Jeff Wallace.

Mrs. Grant White left Friday for Dumas where she will teach music.

Miss Oscie Sanders of New York City spent the week end with friends in Canyon. Miss Sanders was formerly an instructor in W. T. but is now conducting study classes for the Methodist church throughout the nation.

Mrs. Al Baggett has returned from Miami Beach, Fla., where she spent the summer with Capt. Baggett. Mrs. Baggett will continue as librarian in the Amarillo College, but will live in Amarillo rather than commute between Canyon and the college.

Miss Dorothy Jean Jennings and Miss Sylvia Winteringham left Saturday for Ralls where they will teach this fall. Miss Jennings will teach English in the intermediate grades, and Miss Winteringham will teach the fourth grade.

Mr. and Mrs. T. M. Moore and son, T. M., Jr., left Friday for Ames, Iowa, where Mr. Moore will study on his Ph. D. degree next year in Iowa State College. He will teach half time.

Mr. and Mrs. Herschel Coffee and daughters left yesterday for Austin. Mr. Coffee will teach part time in the University of Texas and will study on his Ph. D. degree.

Miss Ida Martha Pierle has returned from Galveston where she is a student in the Medical College of the University of Texas. She will return for the opening of the fall term next month.

A. C. Thompson of Hereford was here on business Monday. He was formerly in the lumber business in Canyon.

Miss Anita Cleland has returned to her work at Canadian after spending the summer with her parents, Mr. and Mrs. J. S. Cleland.

Coach Gus Miller Talks Football at Rotary Luncheon

Hosea Foster was in charge of the program at the Rotary Club luncheon Tuesday, introducing Gus Miller, new head of the Physical Education department of West Texas State. Mr. Miller talked about the football situation at W. T. "The fellows in the community who don't care are the ones who hurt us; and the fellows who do care are of great aid to us," stated the coach.

"I think a lot of this college. I have lived far enough away from it to see what we have here. Not only do we have a great athletic department, but we have a great college in all other respects."

Mr. Miller started his athletic career as a football player when Doug Shirley was coach at W. T. He stated that the graduates are loyal to the school, and paid tribute to the thousands who had made reputations for themselves throughout the nation.

"I like football. If the boy does not like football he should not play the game," stated Mr. Miller. Football demands the best in the boy. He must learn to sacrifice. Team morale is the greatest factor in football.

High tribute was paid to Jack Curtice, Leslie Van Meter and Al Baggett for their work in West Texas State. "They did the best job in Texas, and we are lucky to follow such men," stated Mr. Miller.

The attitude of the men is very important. A coach can usually tell before the team goes on the field just what kind of a game it will play. The attitude of the faculty members; of the students; of the band, plays a great part with the boys. "If football is worth anything, it is worth doing well," believes the coach.

In answer to a question, Mr. Miller believes that the Buffs will have a good first string this year, but the reserves will not be so strong. There are five starters of last year's team; 12 lettermen; and a good bunch of sophomores and freshmen. The coaches will hold a squad of about 40 men.

One fundamental change is made in the rules which will confuse the fans. This is the off-side rule: The man who is first off-side gets the penalty even though he gets back in his line, but has drawn the opposing team off-side. This places the responsibility where it belongs, although the fans may not appreciate the ruling of the officials.

W. W. (Windy) Nicklaus, assistant coach, was introduced by Doug Shirley as a new member of the Rotary Club.

Visitors were: F. R. Barnes, Nellie Nelson and Irving Tolzein, all of Amarillo.

Worley Is Back In Washington

Congressman To Advise Members As Need of Men

The following interview was released Thursday from Washington regarding the return of Congressman Eugene Worley from the Pacific War Zone:

Members of the American armed forces are not interested in figures on war production but in "the kind that will fly and shoot," said Lieut. Comdr. Eugene Worley on returning from eight months of active service in the pacific.

The Democratic representative from the Texas Panhandle, who saw service in Pearl Harbor, Australia and New Guinea, returned to his office Wednesday.

He said that figures on how superior our production is to that of the enemy's aren't "altogether true" and expressed dismay that controversies continued in war industries.

Americans should realize, he added, that their boys were fighting with odds favoring the enemy.

"Our heavy bombers are unquestionably superior," he declared, "but our pursuit planes don't fill the bill by a wide margin, x x x and that observation is direct from the boys who are doing the fighting." Worley said he referred to the Zero plane in discussing Japanese pursuit aircraft.

Americans, he went on, were fighting with great courage and ability, but everywhere in the Pacific they were outnumbered by the Japs.

He accompanied American flyers in flights from an aircraft carrier, and talked with the men fighting from land bases. He was determined, he said, to get their views across to the highest Washington officials.

Since arriving on the mainland, the 33-year-old congressman said he had watched with concern the new and threatened strikes in war plants.

"Selfishness is at the bottom of the whole thing," he commented. "While those boys are out there fighting, some big interests are quibbling for bigger profits and labor groups are demanding more pay.

"Employers and employees alike ought to stop and think what they'd have if they won the biggest contracts and wages and then lost the war."

The congressman visited Bonham, Texas, en route here from the west coast, to see his new-born son, Gene. He learned he was a father at Pearl Harbor three days after the boy's birth.

His return to civil life was in compliance with a presidential directive affecting members of congress in the armed forces.

He said his war experience, which included duty on a submarine and in a surface vessel on convoy duty, should make him a far better legislator—and if it didn't he would be keenly disappointed.

The tanned Texan, who served aboard an aircraft carrier in Pacific battle zone operations, and by special permission of Gen. Douglas MacArthur on an army bomber in a raid near New Guinea, expressed chagrin and dismay that controversies continued in war industries and declared Americans should realize that our boys were fighting with odds in favor of the enemy.

Worley accompanied American flyers in flights originating from an aircraft carrier, and talked with the boys doing the fighting from land bases. He said he was determined to get across their views to the highest officials here to assure that the very latest and best equipment would be sent to the Pacific war zone.

Randall County Boy Prisoner of Japanese Writes

A Randall county boy, prisoner of the Japs, has been able to get a letter through to his parents. The following account of the letter was in the Amarillo Globe:

Mr. and Mrs. Leslie Neil, 3307 Van Buren Street, today received a letter from their son, Pfc. Gayle Neal, U. S. Marine Corps, who was taken prisoner when Gaum was captured.

He is now being held prisoner at the Zentsuji Prison Camp in Japan. He has been there since Jan. 15, he wrote.

"We are being treated well and the Japanese do all they can for us," he writes.

Censors had scissored only one short sentence from the letter. They overlooked another which would probably have been scissored. "I now weigh 132 pounds," he wrote. That got by the censor.

What the censor didn't know is that Gayle Neal weighed 165 pounds when he left San Diego for Guam, his parents said.

"This is a beautiful country and I really enjoy walking up the hill to work every morning. Our work is digging out rocks and sod for future cultivation.

"I want a large fruit cake, some dried fruit, dried beef chips and a pipe and some tobacco, as we have none of these. Also I need some underwear and workshoes," he said.

The letter bears a Tokyo postmark dated June 6. It is the first letter received in Amarillo from an American war prisoner.

I believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and their fortunes. I therefore believe it my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies.—The American's Creed—William Tyler Page.

Building Materials Are Getting Scarce

We wish our customers to know that we are doing everything possible to keep them supplied with the necessary lumber and building material for their building and repair needs, but due to the necessities of this war we shall find it more difficult to get shipments.

We shall most likely find it necessary to curtail our wants much more than at any time heretofore.

First of all we **MUST** win this war. If we win we shall still find our America a long way from a paradise on earth, but if the Axis win then there will be plenty of hell on earth for all of us then living.

LIBERTY will be gone—with it all prosperity and happiness of every individual.

We are all beginning to feel the restrictions placed upon industry, which is going to become more stringent—caused by the acts of Hitler, Mussolini and Hirohito.

Let each one of us be on the alert to do what our government wants us to do, having for our goal an Allied victory as quickly as possible, remembering that, TODAY, more than ever before, it is TEAM WORK that counts.

Buffaloes Start Training

Will Open With Tech at Lubbock on September 26

An even dozen lettermen are among the sixty men who reported to Coaches W. A. (Gus) Miller and W. W. (Windy) Nicklaus when the Buffaloes reported for training in their second Border Conference season. They placed third in football last year. The squad will be cut to 45 by the time the fall term opens on September 26.

Among the 33 freshmen reporting were some exceptionally fine backs, ends, and tackles, but few guards. Some of these first year men, especially the backs, may see action this year under the new conference ruling, for Coach Miller badly needs kicking and passing, in addition to backfield reserves.

The Buffs, most of them tough and ready, went into play rehearsals immediately, keeping vividly in mind that opening date with Texas Tech at Lubbock on September 26. This sizzling game is a resumption of athletic relations after a lapse of more than a decade and as such will attract much attention in this region.

Indications point to Leo Steinkoenig of Wichita Falls as a starting center. He has been playing at end. Another major shift since spring training moves Co-Captain Joed Forbus of Happy to the tailback post. Forbus is a 190-pound portion of football dynamite who is very hard to wrestle to the ground. He is fairly fast and shifty.

The first casualty of fall training felled J. W. Anderson, veteran back, with a shoulder injury. Anderson is president of the Students' Association this year.

With plenty of experience and poise in the line, the Buffs will try for an ample measure of fighting spirit in the backfield. Mack Winter, veteran blocker, will be in there clearing the way for the eager but green ball carriers. It would be unthoughted optimism, however, to assume that Wee Ben Collins and Larry Sanders, conference point and yard makers last season, can be replaced at once in results.

The Buffs face the following schedule:

Sept. 26, Texas Tech at Lubbock.
Oct. 3, Arizona State of Tempe at Canyon.
Oct. 9, Albuquerque Air Base at Canyon.
Oct. 17, Texas Mines at Canyon.
Oct. 24, Arizona State of Flagstaff at Flagstaff.
Oct. 31, New Mexico Aggies at State College.
Nov. 7, Hardin-Simmons U. at Canyon (Homecoming).
Nov. 14, New Mexico University at Albuquerque.
Nov. 21, Open date.

All of these are conference games except the date with the Air Base.

West Texas State opens the season with a complete change of coaches. Athletic Director Al Baggett is physical training director at the Miami Beach Air Corps technical schools and Coach Leslie Van Meter is a swimming instructor there.

Head Coach Miller last coached football at Texas Wesleyan of Fort Worth and Coach Nicklaus of Oklahoma Baptist University.

Baptist Annual Meet at Tulia Sept. 11

The thirty-seventh annual meeting of Tierra Blanca Baptist Association, comprising churches in six counties, will be held at Tulia, Friday, Sept. 11, 1942, according to announcement of the clerk, Dr. Roy L. Johnson of Canyon. Moderator W. E. Barnes of Hereford will preside and bring the annual sermon for which he was elected last year.

The session begins at 10 o'clock and after organization and recognition of messengers, a report on Ministerial Relief and Pensions will be given by Rev. V. E. Temple of Dimmitt. Rev. J. Lowell Ponder of Plainview will present the report of District Missions, and Rev. Herman Coe will present a report on Buckner Orphans Home of Dallas, an institution owned and operated by the Baptists of Texas for children of every faith.

Lunch will be served at noon to all visitors by the Tulia church, of which Dr. W. H. Clark is pastor. The afternoon will be given largely to consideration of the work within the associational territory, and reports will be given by Mrs. Mae Abbott of Bovina and Rev. E. A. Martinez of Littlefield concerning Mexican work; Mrs. W. E. Kirkpatrick of Dimmitt will report on circulation of Baptist papers; Claude W. White of Canyon will report on Sunday School work; Mrs. Joe Wilson of Friona will report on Vacation Bible Schools; Manly Finch of Hereford will report on Training Unions; Mrs. A. O. Thompson of Hereford will report on W. M. U. work; Owen Stagner of Hereford will report on the work of the layman; and a revised constitution will be considered.

The climax of the afternoon will be the report and address on Baptist work in Texas by a representative of the denominational office in Dallas. The meeting is scheduled to close at five o'clock in the afternoon, and many visitors are expected along with the messengers.

Jones (red-eyed): "Say, Joe, do you know any good cure for insomnia?"

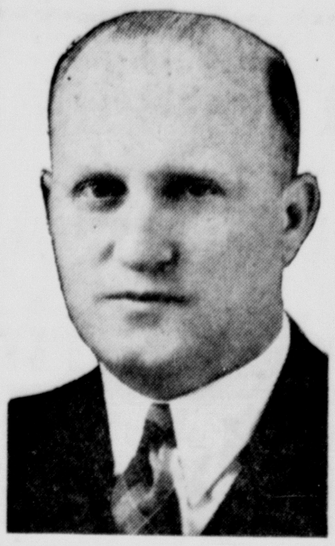
Joe: "Sure. They say counting sheep does the trick."

Jones: "Yeah, I've heard that. But the baby's too young to count."

"Hitler certainly takes a hissing at the newsreels, doesn't he?"

"Yes, his name will be a byword in hisstory."

Dr. Roy L. Johnson Begins Third Year



DR. ROY L. JOHNSON

Dr. Roy L. Johnson began his third year as pastor in Canyon last Sunday, having come to the local church the first Sunday in September 1940. During these two years 389 people have joined the church, 63 of them by baptism on profession of faith. The Sunday School has made a new record for average attendance, and has led all churches of the association in teacher-training work, as well as reaching Standard grading the past two years for the first time in the history of the local church.

The indebtedness of the church has been considerably reduced, a new lot has been acquired north of the church for the building of a pastor's home in the future, and half a block of ground has been bought in the west part of Canyon where the church maintains a mission for the Spanish speaking people. Much work has been done toward completing the spacious church building, and new pews and furnishings have been provided for the auditorium. Total gifts during the twenty-four months amounted to $21,048.97, and all gifts have been vountary gifts for there has not even been a canvass of all the members for pledges and no collectors have gone out to get money for the regular support of the church.

Dr. Lee L. Johnson, chairman of the board of deacons, announces that it is hoped the members and friends of the church will respond with enough gifts by January 1943 to liquidate all the remaining debt of the church, which is $7,100.00, and already the church has bought $1,500.00 worth of Government bonds which will be held for payment on the debt at a later time. Never has the spirit of the people been better nor their cooperation finer. The present membership of the church is 796.

I cannot conceive that (God) could make such a species as the human merely to live and die on this earth. If I did not believe in a future state, I should believe in no God.—John Adams.

Drivers License!

Drivers License for Randall County will expire in October and November.

All car owners must secure a renewal of their Drivers License if they expect to continue operating a car on the Highway of the State.

A Highway Patrolman is in Canyon every Monday morning, 9 to 12 o'clock; and all day on Fridays. All car owners must see this Patrolman and secure blanks for the renewal of their Drivers License. You should do this as early in September as possible.

Homemakers to Observe Day of Achievement

September means more than the end of a vacation to some Randall county girls. To a group of homemaking girls from Canyon and W. T. high schools it means the completion of summer project work.

The girls have been working independently of each other during June, July and August. Now in September they will meet and both see and hear what everybody has done. This is the purpose of the achievement day program that will be held Friday, Sept. 11 at Canyon high school.

The girls will bring to the meeting tangible results of their summer's work such as garments they have made and foods they have canned. These will be on exhibit and will help to make the girls' descriptions of their projects more vivid. Some of the girls, like Virgie Ruth Haines and Oleta Kellum, will not be able to show the group the rooms they have decorated or the meals they have prepared. In these cases descriptions will have to suffice.

In addition to the individual exhibits, there will be a display of material to be sent to army camps and other military centers. Included in this exhibit will be cartoon books, joke books and novelettes that have been made and bound by the girls.

The public is invited to attend the achievement day program.

"Here's a doctor says Hitler is suffering from paranoia. What do you think?"

"I wouldn't know. I never touch the stuff."

"No, no. I mean he's a paranoic and has hysteria."

"Yeh! I knew them Balkan countries wouldn't do him no good."

Lieut. Reeves Donnell Has Large Classes in Amarillo ROTC

Lieut. Reeves Donnell states that he has the largest group of applicants for the Reserve Officers Corps that he has ever had in the Amarillo high school. Lieut. Donnell has been training young men in West Texas State but the heavy load of students in Amarillo may handicap this service here this fall. In addition to military work he looks after his farm and herd of Milking Shorthorns near Canyon.

Lieut. Donnell states that 375 boys applied for the reserve, almost 100 more than last year.
